

DEPARTMENT OF MATHEMATICS & STATISTICS

Title of the consultancy: Special Training to school teachers

The Department of Mathematics and Statistics started consultancy service of special training to the school teachers and guidance in thesis analysis for scholars for all the papers, within and outside of the college. We are also teaching Statistics for the job seekers.

We teach to the teachers working in various high schools in order to empower them to give polytechnic coaching to the outgoing students of their respective schools. The department of Mathematics and Statistics as a part of institutional social responsibility take up one to one training programme for the high school teachers. As a part of this, a nominal payment of Rs.500 is collected every year from the teachers working at different schools for the training they receive.

We will give detailed explanation on various topics, which are listed below

1. Real Analysis
2. Logarithmic expansions
3. Polynomials
4. Linear Equations
5. Progressions
6. Trigonometry
