

Guest lecture on 'Carboxylic Acids'
28th December, 2020
Organized by: Department of UG Chemistry

UG Department of Chemistry organised a Guest lecture on Carboxylic Acids by Dr. D.Nagaraju, Associate Professor, Division of Chemistry, Department of S&H, Vignan University, Guntur on 28th December, 2020 for B.Sc. Students. In his lecture he explained briefly about the effects of substitution on reactivity and orientation in electrophilic aromatic substitution, the pattern of orientation in aromatic Substitution, electronic effects, acidity of carboxylic acid and factors effecting acidity of Carboxylic acids.
