Faculty Training Programme on 'WebPros'

14th October, 2022

Organized by: Internal Quality Assurance Cell

The college has introduced new software 'Webpros' related to faculty and students. To train the faculty on this software IQAC has conducted A Faculty training Programme to all the Administrators and teaching staff by the Webpros Team on 14th October, 2022.

During this programme they gave training to the participants on how to use the webpros software, how to upload teaching plans, student attendance, Question banks and model question papers for students. They also gave training on how to upload E-content, material, conduction of online examinations.

At the end of the programme they provided individual IDs and Passwords to all the faculty.
