

NATIONAL MATHEMATICS DAY CELEBRATIONS

22nd December, 2021

"National Mathematics Day" was held on December 22, 2021 at 12:00 p.m. by the Department of Mathematics and Statistics. National Mathematics Day was declared by the Indian government on December 22nd. On the 125th anniversary of the birth of Indian mathematician Srinivasa Ramanujan, Prime Minister Manmohan Singh made the announcement on February 26, 2012 at Madras University.

Objective of the programme:

The main goal of National Mathematics Day celebrations is to raise student awareness of the importance of mathematics development. Our head of department Ms. M.L. Prasanna spoke about the great mathematician Sir Srinivasa Ramanujan. We held a number of competitions for students in order to help them improve their skills, such as:

- ❖ Mathematical Problems Solving Session
- ❖ Poster Presentation
- ❖ Power Point Presentation

We present a garland to Sir Srinivasa Ramanujan's picture. We reviewed Ramanujan's biography and significance, and we distributed prizes to the winners of the above competitions.

Outcomes of the programme

Students benefit from math competitions by developing problem-solving skills and learning to think critically. Determine your personal strengths and opportunities for improvement.
