# I MBA - I SEMESTER ANALYSIS OF FEEDBACK ON CURRICULUM

- > The course content highly meets the Students expectations
- > The level of relevance of the course content to the current job market is excellent
- The course curriculum is designed in such a way that the courses which students study are in sequence to what they have studied in the previous semester
- > All the units in the syllabus are highly relevant to the courses
- > The relevance of the Text Books and Reference Books by their recognition to the course is very good
- > The size of the syllabus in terms of the load on the student is low
- The courses are designed in such a way by considering the scope for extra learning or self-learning by the students
- > The evaluation schemes are excellently designed for each of the course which help to assess the Skills and Knowledge levels in each and every course.
- > The percentage of courses having LAB components is excellent
- > The experiments in relation to the real life applications is also very good.
