

Awareness Program on Transgender Issues

The college conducted an awareness program on **Transgender Issues** to promote understanding and acceptance of transgender individuals within the college community by Mr. Zakhir Hussain, Director, Artha Company on 11th September, 2023. The program aimed to address misconceptions, raise awareness about transgender rights, and foster inclusivity.

Objectives:

1. To educate students and faculty about the challenges faced by transgender individuals.
2. To promote respect and acceptance of transgender individuals within the college community.
3. To provide resources and support for transgender students and faculty.

The program featured a guest speaker who shared their personal experiences as a transgender individual and discussed the challenges faced by the transgender community. This session helped to humanize the issue and promote empathy among the audience.

The awareness program on transgender issues was a successful initiative that helped educate and inform the college community about the challenges faced by transgender individuals. It is hoped that this program will lead to greater acceptance and support for transgender rights within the college and beyond.
