

WORLD ENVIRONMENT DAY

In View of World Environment Day(05th June, 2024), NSS Units and the Departments of Physics, Chemistry, and Pragna of K.B.N. College in collaboration with Andhra Pradesh Pollution Control Board hosted competitions for students on 1st June, 2024.

Objectives:

- Raise Awareness: Increase student awareness of environmental issues and the importance of conservation.
- Engage Youth: Encourage active participation of youth in environmental conservation efforts.
- Promote Creativity: Provide a platform for students to creatively express their ideas and solutions for environmental challenges.
- Recognition: Recognize and reward students' efforts and contributions to environmental conservation.

Various competitions like Elocution, Essay Writing and Drawing were conducted on this occasion.

Elocution Theme:

The role of youth in Environmental Conservation

Essay Writing Theme:

Plastic Pollution: Causes, Affects and Solutions

Drawing Theme:

Eco Restoration/Water Conservation Strategies

The students of different disciplines participated enthusiastically in the above competitions and presented their views in both medium.

NSS Units Programme Officer Ms. Kalma Begum, Sri J. Srinivas Rao, Members Sri M.Santhi Babu, Smt.P.Gowthami Devi participated along with the Pragna Convenor Mr. B. Mohan Teja. Pragna members Ms.Asiya Begum, Sri R.Jitendra Kumar, and other members of Physics & Chemistry Departments coordinated the event. Based on their performance and views expressed for the conservation of Environment, the prizes were given to 9 shortlisted students by the Andhra Pradesh pollution control board on **05 June, 2024**.

01st & 2nd June, 2024

ఆంధ్ర ప్రదేశ్ ANDHRA PRADESH

Organised by

Departments of Physics, Chemistry, Pragna & NSS

In Association With

ANDHRA PRADESH POLLUTION CONTROL BOARD

Outcomes:

1. Enhanced Environmental Awareness:

- Students gained a deeper understanding of environmental issues, including plastic pollution, eco-restoration, and water conservation strategies.
- Increased awareness about the critical role youth play in environmental conservation.

2. Active Student Engagement:

- High levels of student participation in elocution, essay writing, and drawing competitions.
- Encouraged active student involvement in environmental activities and discussions.

3. Showcase of Talent and Creativity:

- Students demonstrated their creativity and knowledge through various competitions.
- The diverse range of submissions highlighted innovative ideas and solutions for environmental challenges.

4. Recognition and Motivation:

- Nine students received prizes from the Andhra Pradesh Pollution Control Board, motivating them and their peers to continue their efforts in environmental conservation.
- Recognition of students' efforts fostered a sense of accomplishment and encouraged further participation in future events.

5. Collaborative Effort:

- Successful collaboration between the NSS Units, Departments of Physics, Chemistry, Pragna, and the Andhra Pradesh Pollution Control Board.
- Strengthened partnerships among different departments and organizations in promoting environmental conservation.

6. Community Building:

- Created a sense of community among students and faculty members through collective participation in environmental activities.
- Fostered a culture of environmental stewardship within the college community.

7. Educational Impact:

- Provided an educational platform for students to learn about and discuss environmental issues.
- Enhanced students' research, public speaking, and artistic skills through competition participation.

8. Long-term Commitment:

- Encouraged a long-term commitment to environmental sustainability and conservation efforts among students and faculty.
- Laid the groundwork for future environmental initiatives and activities at KBN College.
