

**Guest lecture on
2D NMR Spectroscopy
(4th January, 2020)**

PG Department of Chemistry organised a Guest lecture on 2D NMR Spectroscopy by Dr. N. Madhavi Head PG Department of Chemistry, J.K.C College, Guntur on 4th January, 2020 for M.Sc. Organic and Analytical chemistry Students. In her lecture she explained Principle involved in 2D NMR Spectroscopy, differences between 2D NMR & 1D NMR, 2D Techniques like HOMCOSY, HETCOSY, INDOR, INEPT, DEPT and Applications of 2D Techniques.
