

GUEST LECTURE ON "HOME AUTOMATION"

BY

Rajesh B. Myneni

MD, AvonovA Company

27th July, 2019

Report

A home can be a smart home with automation. Controlling of every electronic gadget in our home is possible with Home Automation. Hence the department of Physics and Electronics arranged a Guest Lecture on Home Automation for B.Sc. (IoT) and III B.Sc. (MECS) students. The resource person of the guest lecture was Rajesh B. Myneni, Managing director, AvonovA.

He clearly explained basic structure of IoT in detail which includes types of control systems, types of home automation scope of future opportunities and companies offering the jobs. The students gained a great deal knowledge which is useful for them in future.

Mr Rajesh B. Myneni explaining about Home Automation.

Mr Rajesh B. Myneni felicitated by Principal Dr V. Narayana Rao, Vice Principal Dr K Naveen Kumar and the members of the department
