

CAREER COUNSELLING PROGRAMME

TO FINAL YEAR PHYSICS STUDENTS

21st June, 2019

By

Dr. P.B. Sandhyasri

Head, Dept. of Physics & Electronics

Career Counselling by Dr. P.B. Sandhyasri

Career counselling is an essential factor for identifying the real potential and guiding students towards a right career path. Students need to know the importance of career coaching and right guidance before they are choose an academic stream after completing the UG exams.

Career counselling will be helpful to choose a career goal planning and give a direction to students for a better future ahead. Keeping this in mind the Department of Physics and Electronics arranged a career counselling programme for physics students of 3rd year on 21st June 2019 at 4:30 p.m. by Dr. PB Sandhya Sri, HOD, Physics and Electronics. She explained about probabilities for higher studies as well as job opportunities after completing graduation with physics as one of the subjects.

She emphasized on JAM and shared the information about reputed institutions like IISER, IIT and IISC for pursuing their Post-Graduation. She also share the information about

Central Universities as well as other universities of AP. She specially informed the students about agricultural physics which has a wide job opportunity in ISRO Post Graduation course details are also given to the students.

The students were benefited with this program as the counselling is highly productive. The Department is grateful to the Management and Administrative authorities of the college for giving us this opportunity to share the information to the students about higher studies and job opportunities.
