

**Career Guidance Programme**  
**By**  
**Prof. M. Siva Kumar**  
**School of Physics, University of Hyderabad, Hyderabad**  
**21.12.2019**

**Organized by: Department of Physics & Electronics**

**The guidance and counselling is an integral part of college education. The need for guidance and counselling is more urgent in the present society due to economical and technological advancement. It helps an individual student for optimal development of their potentialities and abilities. Most of the students lack knowledge in building up their career and are not pursuing the appropriate educational plan for real world career opportunities and business needs. Right resource to a program enhances the quality of the program. Keeping this in mind we arranged career guidance program by Prof. M. Siva Kumar, School of Physics, University of Hyderabad, Hyderabad on 21<sup>st</sup> December 2019.**

**He explained mainly on higher study opportunities in physics after B.Sc with physics as one of the subjects in India as well as in abroad. The information of various universities offering Physics in their higher education and the admission criteria to students. He emphasised the students to pursue research after completing their post-graduation course. He informed about Research opportunities and fellowships. Students were benefitted a lot with this talk and were motivated to continue their studies in Physics.**

**Prof. M. Siva Kumar is explaining about fellowships**

**The students of III B.Sc MPC & MPCs at the Career Guidance Programme**
