A Guest Lecture on Artificial Intelligence

The UG department of computer science & Applications organized a guest lecture on 14th February 2020 on "ARTIFICIAL INTELLIGENCE" by Dr. M. R Narasinga Rao, Prof. C.S.E Dept, K.L University for the first and second year students of Data Science.

He started his lecture by demonstrating Artificial Intelligence as the primary goal of artificial intelligence is to improve computer behavior so that it can be called intelligent. He also explained about applications of machine learning and types of machine learning. In the middle of the session he explained about PROLOG PROgramming LOGic and LISP LISt Processor. He explained about the applications like Game Playing, Speech Recognition, Facial Recognition and Robotics

In the conclusion, he explained the importance of setting a goal and choosing the career best. He mentioned in his lecture, there are so many jobs in the market and to get a student has to acquire more knowledge in the technical aspects.

Dr. M. R Narasing Rao, Prof. C.S.E Dept, K.L University
